GET MOBILE

Affordable Innovative Transportation for Healthcare Applications

 **Braun Entervan**

Turtle Top Van Terra

Ride in comfort and style in the **Wheelchair Accessible Minivan**, a **Braun Entervan**. This vehicle has capacity options that include six passengers, plus driver or three passengers, two wheelchairs, plus driver. The **Entervan** comes standard with an easily removable passenger seat to allow a wheelchair passenger to sit up front. Easy access to this ADA compliant vehicle is achieved with a lowered floor and low angle, non-skid entrance ramp, which swings out of the way for those ambulatory passengers.

2 & 1 Interior Seating

 **Braun Paratransit Van**

The **Braun Paratransit Van** has many seating configurations ranging from 7-10 ambulatory passengers or 2-4 wheelchair securement positions and 1-5 ambulatory passengers, plus driver. Equipped with a **Braun** automatic wheelchair lift (side or rear doors). Bus style ambulatory entrance door. ADA Compliant.

The **Turtle Top Van Terra** is a popular choice for senior mobility, assisted living facilities, and adult day care transportation. The Van Terra can be equipped for wheelchair accessibility. This vehicle's aerodynamic styling offers a unique alternative to a high top van. The single leaf entrance door with handrails allows for easy two-step entry. There is 6'3" interior headroom. Seating capacity includes 10-14 passengers, plus storage. **Can accommodate up to 4 wheelchair positions.** The **Van Terra** will provide quiet, reliable, and comfortable transportation for many years. The full steel cage construction offers the ultimate in safety. Easy to drive, CDL license not required and ADA Compliant.
